

## Smoking Blue

Dior's Blue Tie Fall colour collection is inspired by the iconic hue of the couturier house:

Midnight Blue. Featuring shades of deep marine, luminous petrol blue and sky blue tones delicately highlighted by white, creating the new smokey eye look. The star product of this metallic collection is the Blue Tie palette containing four eye shadows and a gloss. To accompany the intense blue look Dior proposes a light touch of colour on the lips in a range of pinks and rosy beiges. The nails are enhanced with Tuxedo; a dark blue and Safari beige for a more urban vibe. A must-have product for all brides is the DiorShow Liner Waterproof, featuring 100% non-smudge, long lasting waterproof formula and easy to use pencil that glides on with ease to create the perfect ultra-fine line.
